

COURAGE FOR YOUTH SCREAM

Building Character

The SCREAM curriculum for grades 6 and 7 students empowers students to think critically, feel deeply and act wisely to build trustworthy character. Character development provides students with a “deeply rooted” sense of self that promotes personal success and creates stability during seasons of transition in school and life.

Throughout SCREAM, students build upon their learning of key concepts with dynamic team building games, role playing, media discussions, videos, small groups and self-reflection activities. Students build a stronger self perception and a deeper appreciation of their classmates' unique contributions.
